

Mail Order Price List

WARDS POWER-KRAFT POWER TOOL AND WELDING EQUIPMENT CATALOG

This price list is effective from Sept. 1, 1949. It shows prices on all Power Tool and Welding Equipment described in this catalog. Wards reserve the right to change prices at any time. When costs decrease, Wards prices will be lowered in proportion . . . giving you the maximum benefit from all savings. Similarly, if manufacturing costs increase, Wards prices will be adjusted accordingly.

Unless otherwise specified, all items in this catalog are shipped promptly from stock—you pay shipping charges from your nearest Ward Mail Order House. On all Factory Shipped items indicated by the suffix letter "F" after the catalog number, you pay shipping charges from Factory point. This eliminates much of the handling and shipping charges you would otherwise pay. Factory items shipped promptly but allow extra time for transportation. Many items are Postpaid . . . this is indicated by replacing the Ship. Wt. with the word "Postpaid".

See back cover of this price list for information on how to order by mail, shipping charges etc. Only 10% Down payment is required when buying your power tools on Wards Monthly Payment Plan. See page 25 of the catalog for full information.

IT'S EASY TO ORDER BY MAIL

FOLLOW THESE THREE SIMPLE STEPS

1. **GIVE COMPLETE INFORMATION.** Make a list of items wanted, using the order blank enclosed or any plain piece of paper if no order blank is available. State the full Catalog Number (Example, 84 KG 2097) also the name, shipping weight and price of each item. Be sure to state size or any other information requested in the description. Add the price and include amount for tax (if any) in space provided on order blank.

2. **INCLUDE ENOUGH FOR POSTAGE.** Many items in this Catalog are Postpaid, as indicated in descriptions. For items not Postpaid, include enough for postage (See table at right). Packages not over 70 lbs. and not over 100 inches length plus girth are available. For estimated Freight and Express charges see Tables at right.

3. **MAIL YOUR ORDER.** Send order direct to your nearest Wards Mail Order House (a handy addressed envelope is enclosed) and enclose remittance to cover both merchandise and postage. If bought on Monthly Payments, send only required down payment (no down payment required, if you have an account here).

HOW TO SEND MONEY

The safest and best ways to send money by mail are by Post Office Money Order or Postal Notes, American Express Money Orders, Personal Checks, Bank Money Orders, Bank Drafts or Cashiers' Checks. If you live on a rural route, your carrier will be glad to buy a Post Office Money Order for you and will also enclose it with your order and mail it. If there is a Ward Retail Store or Catalog Office near you, they will be glad to handle your order and save you all money order fees.

ABOUT C.O.D. ORDERS

C.O.D. fees are very expensive and we advise avoiding this service except when necessary. We do not accept orders for less than \$5 to be sent C.O.D. (except for repair parts). We must also refuse to accept C.O.D. orders for merchandise cut or made to order, or for articles sent directly from Factory.

EXPRESS RATES

Express is the fastest way to ship unmailable merchandise. Packages are carried in railway express cars on fast passenger trains and get preferred attention and special handling all along the line. It's especially suitable for light, bulky, fragile or odd shaped articles. If your town has express delivery service, goods are delivered to your home by truck at no extra charge.

Do not send money for express charges with order if there is an express agent at your station. To estimate charges see table below. If the shipment weighs 150 lbs. for instance, figure 1½ times the 100-lb. rate. Add Federal Transportation Tax of 3% to all express charges.

Shipping Weight	100 Miles	200 Miles	300 Miles	400 Miles	500 Miles	750 Miles	1000 Miles
5 lbs.....	\$0.84	\$0.87	\$0.90	\$0.93	\$0.95	\$0.98	\$1.00
10 lbs.....	.92	.98	1.05	1.10	1.14	1.21	1.25
15 lbs.....	1.01	1.10	1.20	1.28	1.34	1.44	1.50
20 lbs.....	1.09	1.21	1.35	1.45	1.53	1.67	1.75
25 lbs.....	1.18	1.33	1.50	1.63	1.73	1.90	2.00
35 lbs.....	1.35	1.56	1.80	1.98	2.12	2.36	2.50
55 lbs.....	1.69	2.02	2.40	2.68	2.90	3.28	3.50
75 lbs.....	2.03	2.48	3.00	3.38	3.68	4.20	4.50
Ex. 100 lbs.....	2.45	3.05	3.75	4.25	4.65	5.35	5.75

AIR EXPRESS—Gives faster service to some points over 300 miles from our Mail Order Houses. See local agent.

FIGURE FACTORY SHIPMENTS SEPARATELY

Where the description states that an item will be shipped from a factory, figure transportation charges on that item separately from the rest of your order, as it will come from a different point.

RAIL FREIGHT

In order to maintain the best service possible under present conditions, most railroads are now using trucks in addition to freight cars to expedite service between large transfer points and local stations. We route shipments to utilize fastest service.

ESTIMATED FREIGHT RATES PER 100 LBS.

Freight rates are based on the weight, the distance of haul and the kind of merchandise shipped. To estimate the freight charges on your order, simply find in the table below the kind of merchandise you are ordering and then alongside the 100-lb. rate for the distance you live from our shipping point. For example, if you are ordering a Floor Model Saw weighing 200 lbs. and the distance is 200 miles; the freight charge will be \$2.08 as shown in table below under woodworking tools. If the distance is 250 miles, allow ½ the difference between the 200 mile rate (\$2.08) and the 300-mile rate (\$2.40) or \$2.24. On shipments over 100 lbs., charges are based on actual weight. If your order contains several different kinds of merchandise and they take different rates, figure the charge for each item separately and add them.

Most railroads and truck lines charge the same for carrying less than 100 lbs. as for a full 100 lbs. Their "minimum" is the rate for 100 lbs. of the highest rated article in the shipment, but not less than \$1.38.

Do not send money for Freight or Truck charges if there is an agent at your local station. You can pay him when the goods arrive. If you have no agent, include enough extra with your remittance to prepay freight and specify name of station to which you desire shipment sent.

NOTE: Federal Transportation Tax of 3% must be added to total charges on all Freight or Truck Shipments.

MERCHANDISE	100 Miles	200 Miles	300 Miles	500 Miles	750 Miles	1000 Miles
Grinders.....	\$0.98	\$1.26	\$1.45	\$1.95	\$2.61	\$3.19
Grindstones.....	.63	.83	.94	1.26	1.70	2.07
Motors, Electric.....	.81	1.04	1.20	1.60	2.15	2.63
Welders, Electric.....	.98	1.26	1.45	1.95	2.61	3.19
